Claims 11-24 are presented for examination.

Applicant's amendment filed February 6, 2003 has been received and entered.

Accordingly, the rejection made under 35 U.S.C. 103 as set forth in the previous Office action at pages 2-4 is hereby withdrawn.

Claims 14-26 were renumbered under Rule 126 and the new numbering is 11-24.

Claims 11-15 are allowable.

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 11-15 are drawn to a medicament for the treatment of diseases caused by *Treponema* comprising carvacrol and thymol, classified in class 514, subclass 728.
- II. Claims 16, 17 and 21 are drawn to a diet composition comprising carvacrol and thymol, classified in class 514, subclass 728.
- III. Claim 18 is drawn to a drinking water supplement which comprises a composition comprising carvacrol and thymol, classified in class 514, subclass 728.
- IV. Claim 19 is drawn to a drench bath containing a composition comprising carvacrol and thymol, classified in class 514, subclass 728.
- V. Claim 20 is drawn to a bactericide comprising carvacrol and thymol, classified in class 514, subclass 728.

The five inventions are independent distinct, each from the other as they have acquired a separate status in the art as shown by their different and separate subject matter for inventive

effort. Further, a reference which anticipates any one of the above inventions would neither anticipate or make obvious of the other inventions. Each such invention is capable of supporting its own patent. For these reasons, the restriction requirement is proper.

To be complete, applicant's response must include a provisional election even though the requirement may be traverse.

The applicant is required to elect a single invention for examination purposes.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Examiner K. Weddington whose telephone number is (703) 308-1235.
